

LEARNING OPPORTUNITIES
Community Workshops

We offer workshops for all sorts of community events and organizations. From Beaver groups and birthday parties to country fairs or family reunions we can design a suitable and fun puppet activity. Puppets can even provide a creative break during a conference for adults or become a more formal course at an arts retreat.

How to Book Community Workshops.

Contact W.P. Puppet Theatre to discuss including some puppet fun in your next event.

Samples:

'Drop By' workshops — *great for outside and festival type events:*

Cut, fold and colour. It's that easy to make your own feathered friend puppet with fun paper sculpture techniques. Celebrate real or imaginary birds that can sing, squawk or flap their wings.

Great for all ages, materials and tools supplied.

Shadow puppets — *great for an inside venue either drop by or pre- registration:*

Have fun exploring shadow puppetry. Make some simple shadow puppets and play your own story. Use sample shadow puppets and join in a group performance. Experiment with light sources, play with materials and learn some neat tricks of the trade.

Great for all ages, materials and tools supplied.

"Have a Wild Things Rumpus!" — Inspired by the popular book by Maurice Sendak, participants design and build a neon paper sculpture monster - with lots of curly cues and bouncy bits. The grande finale comes as they dance their puppets under a black light and explore the fun of this unique staging!
